What's inside: we prioritize clean, simple botanical ingredients.

plant-based | palm-oil free | petrochemical free | organic ingredients | gluten-free + wheat-free

Finding ingredient lists: Use QR codes throughout the store to find online listings, or look up the product code (B3, T9) in the ingredient card catalog or on existgreen.com.

Spot-test before you commit: One of the best parts of refills is buying (just what you need) to try a new product before committing to a full bottle.

Self-serve or counter: Most refills are on the floor. Items marked are filled behind the counter for product integrity or spill protection. marks the few that contain beeswax.
